

REMARKS

These remarks are in response to the Notice to File Corrected Application Papers mailed October 5, 2010. It was identified that the drawings filed on April 4, 2004 include FIGS. 10-12, but the specification's Brief Description of the Drawings did not describe drawings with those designations.

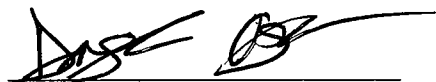

In reply, applicant has amended the specification herewith to include the required Brief Description of the Drawings relating to FIGS. 10-12. No new matter has been added. No other amendments are set forth, and the application remains in condition for allowance.

CONCLUSION

The item raised in the Notice to File Corrected Application Papers mailed October 5, 2010 has been addressed and no new matter has been added. Applicant requests that the case proceeds towards issuance per the Notice of Allowance mailed August 20, 2010. The Examiner is invited to contact the undersigned attorney if any other matters remain outstanding.

Respectfully submitted,
